

Outpatient Appointments and Appointment History Pre-2005 D18A

Introduction: Clinical Workstation allows authorised users to view a patient’s outpatient appointments both pre and post 2005.

1. Select a patient then click on Outpatient Apts node within the Tree Pane.

2. Below the **Outpatient Apts** node sub nodes are available to select that will show **Future Appointments**, **Appointment History** (post 2005) and **Appointment History pre-2005(Appt HX pre - 2005)**. Selecting any of these sub nodes will display the appropriate appointment information in the Results Pane.
